

This exploded view diagram illustrates the assembly of a portable electronic device. The components are numbered as follows:

- 1**: Main chassis or base unit.
- 2**: Top cover or lid.
- 3**: Side or rear cover.
- 4**: Small circular component, possibly a lens or button.
- 5**: Small rectangular component, possibly a battery or sensor.
- 6**: Small cylindrical component, possibly a battery or capacitor.
- 7**: Small rectangular component, possibly a battery or sensor.
- 8**: Small rectangular component, possibly a battery or sensor.
- 9**: Small cylindrical component, possibly a battery or capacitor.
- 10**: Small rectangular component, possibly a battery or sensor.
- 11**: Small rectangular component, possibly a battery or sensor.
- 12**: Small rectangular component, possibly a battery or sensor.
- 13**: Small rectangular component, possibly a battery or sensor.
- 14**: Small rectangular component, possibly a battery or sensor.
- 15**: Small rectangular component, possibly a battery or sensor.
- 16**: Small rectangular component, possibly a battery or sensor.
- 17**: Small rectangular component, possibly a battery or sensor.
- 18**: Small rectangular component, possibly a battery or sensor.
- 19**: Small rectangular component, possibly a battery or sensor.
- 20**: Small rectangular component, possibly a battery or sensor.
- 21**: Small rectangular component, possibly a battery or sensor.
- 22**: Small rectangular component, possibly a battery or sensor.
- 23**: Small rectangular component, possibly a battery or sensor.
- 24**: Small rectangular component, possibly a battery or sensor.

The diagram shows the relative positions and assembly sequence of these components, with dashed lines indicating the path of assembly.
